

Item search in the shelves

In faculty libraries, most books, journals and other publications are freely accessible to visitors. Informative links and schemes facilitate self-search.

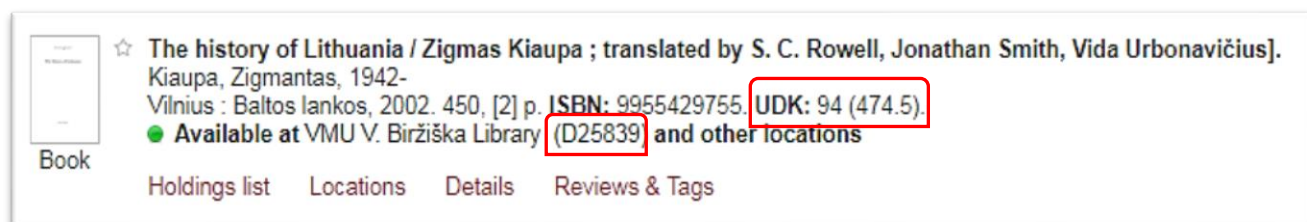

- Information is given next to the shelves.
- You can find item topic arrangement schemes that show book's place on the shelf in libraries or in library's website.
- You can also find the item storage place in the library catalogue or the virtual library.

UDC* index and call number** in the catalogue

To find a necessary item in the shelves you need to know UDC index and call number.

* UDC (Universal Decimal Classification) – is a bibliographic- library classification representing the systematic arrangement of all branches of human knowledge organized as a coherent system in which knowledge fields are related and inter- linked, e.g., UDC: 94 (History).

**Call number acts like the book's address on the library shelves, e.g., D25839:

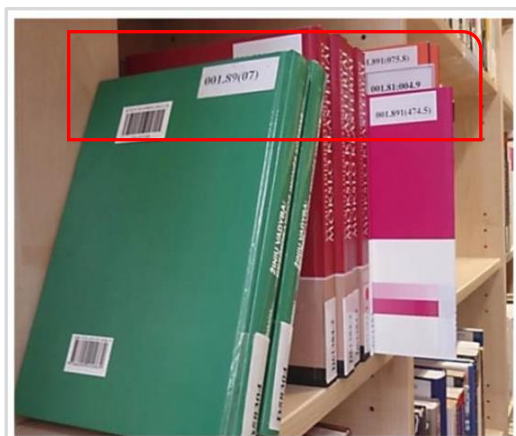

☆ **The history of Lithuania / Zigmas Kiaupa ; translated by S. C. Rowell, Jonathan Smith, Vida Urbonavičius.**
Kiaupa, Zigmantas, 1942-
Vilnius : Baltos lankos, 2002. 450, [2] p. ISBN: 9955429755. **UDK: 94 (474.5).**
● Available at VMU V. Biržiška Library **(D25839)** and other locations
