

Search of information resources in Course reading catalogue

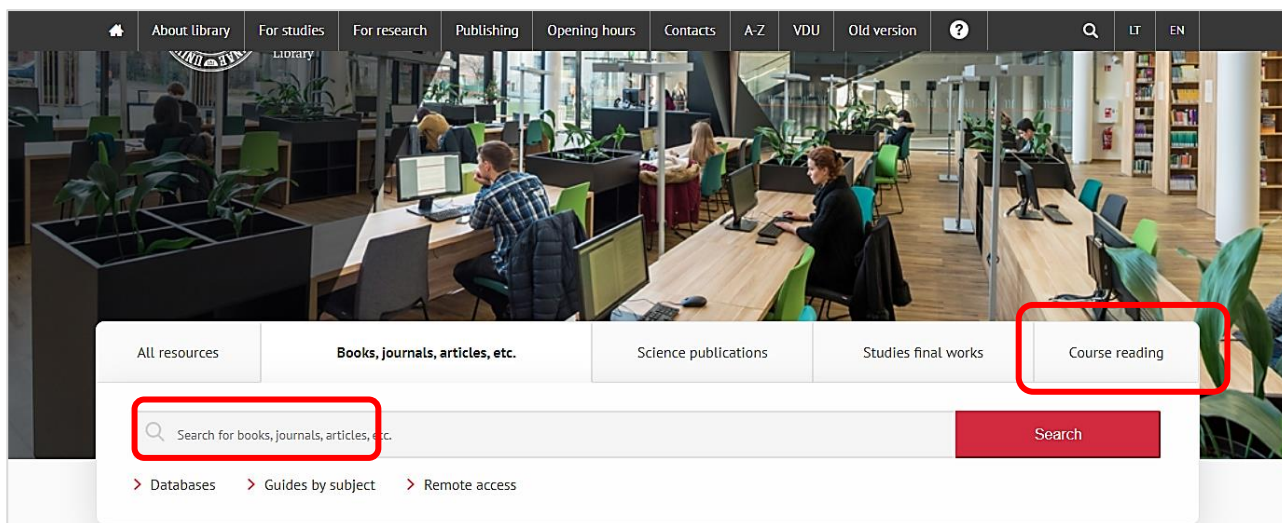

<https://biblioteka.vdu.lt/>

<https://vb.vdu.lt>

Course reading catalogue gives information about library stock items recommended for study subjects.

In Course reading catalogue you'll see what information resources are recommended by teachers for various study subjects. You'll also see – whether they are print or electronic; library department they are stored at and borrow them for longer time; or download e-document.

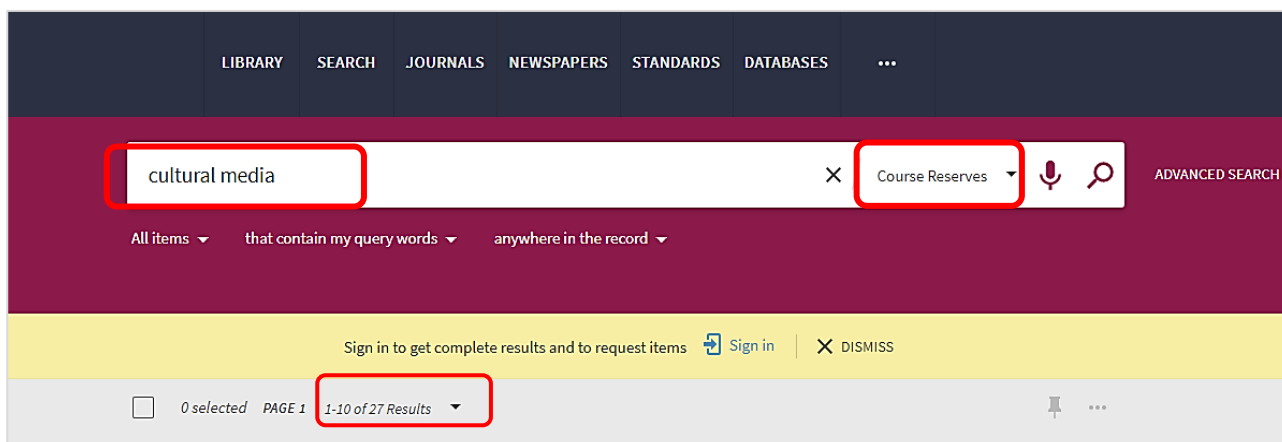

On Library start page click “Course reading”:

Perform search according to necessary criteria – write in study subject, author or topic. Click “Search“ and perform search in virtual library.

Search results

When you perform a search according to study subject, for example “cultural media”, in the result list you'll see recommended resources for certain subject.

Next to the record – information about where the item is stored is given, or link to e-document is provided:

19  **BOOK**
The culture of connectivity a critical history of social media
 Dijk, Jose van author.
 New York : Oxford University Press, 2013

COURSE

Available at Leonido Donskio biblioteka Atviras fondas (LD) (D75897) and other locations
 Available Online >
